**THE TARGET IS FUN:** Scouts from Lincoln took over the castle as part of the Scouting Association's centenary celebrations.

Activities ranged from archery to bookmark making with members from

various scouting troops all taking part in the fun.

Visitors had a go at putting up a tent against the clock, entering a radio controlled robot in a Robot Wars-style knockout, or tried their hand at hitting

the bull's-eye with a bow and arrow.

Pictured having a go at archery is Brendan Gould (nine), from Scothern, near Lincoln.

Inset, in the black hole used part of the mountain

rescue displays are Luke Craggs (10), left, Barney Peplow (11), Evan Morris and Jack Flanagan (both 10), all from Welton.
