Explorer Scouts get an IT boost

HOLBEACH and Spalding District Explorers have received a boost with IT equipment to help with their activities.

The items were a gift from Pinchbeck Parish Council and included two computers

and a printer.

They will be used by group members to complete their IT badge and plan future activities.

Assistant Explorer Scout leader Sam Raines said: "They have already proved

to be of great use."

The group meets on Thursday evenings at the Pecks Drove district campsite.
